

First Assessment

Frontend

Here you have a single-page website. You need to design the webpage as per the given reference.

Full Marks : 100

The screenshot displays a professional-looking single-page website template named 'BIZCRAFT'. The header features a dark background with a blurred image of two people working on a laptop. The main navigation bar includes links for HOME, COMPANY, PORTFOLIO, PAGES, BLOG, FEATURES, and CONTACT. Below the header, a large banner with the text 'NEED TO INVENT THE FUTURE!' and 'WE MAKING DIFFERENCE TO GREAT THINGS POSSIBLE' is centered. A 'START NOW' button is on the left, and a 'LEARN MORE' button is on the right. Below the banner, there's a row of icons: Invent (bicycle), Dream (bed), Tech (phone), and Video (camera). The main content area features a large image of a man and a woman working together at a desk with a laptop. To the right, a section titled 'KNOW MORE ABOUT OUR COMPANY' and 'WHY CHOOSE US' contains placeholder text. Below this, three sections highlight 'TONS OF FEATURES', 'POWERPACK THEME', and 'DAY NIGHT SUPPORT', each with a small icon. Further down, a section titled 'MEET WITH OUR TEAM' shows four team members with their names and titles: VOSGI VARDUHI (Web Designer), ROBERT ALESKA (Web Designer), TALINE VOSKI (Web Designer), and ALBAN SPENCER (Web Designer). Each team member has a small profile picture and social media links below their name. At the bottom, a dark footer bar displays performance metrics: 1200 CLIENTS, 1277 ITEMS SOLD, 869 PROJECTS, and 76 AWARDS. The footer also lists various features with icons: CLEAN & MODERN DESIGN, USEFUL SHORTCODES, PARALLAX SECTION, MULTIPURPOSE CONCEPT, RESPONSIVE LAYOUT, LIGHT WIGHT PERFORMANCE, FREE LIFETIME UPDATES, ENDLESS POSSIBILITIES, and 24/7 LIVE SUPPORT. The footer concludes with a 'RECENT POSTS' section, a 'FLICKR PHOTOS' grid, and an 'ABOUT CRAFT' sidebar with contact information and a newsletter sign-up form.

Description: Create and Design an Index (Homepage)

On the Click of the menu button, it should scroll to the respective section.

Resources: Specify any required resources, such as content, images, logos, or access to the company's branding guidelines.

Important:

- You must not copy from the online themes or templates.
- Website must be fully responsive and must follow HTML, CSS & Angular Rules.
- You are free to use libraries for CSS and JavaScript like Bootstrap, jQuery, Scroller,etc.
